

To everyone:

The number of visitors to our contact evenings in Genderdal seems to be declining, we would like to know your opinion on the reasons behind this.

So we have 2 or 3 questions, would you be so kind to answer those?

Question 1: What do you like about our contact evenings and would you not want to miss?

Question 2: What do you miss on our evenings? What would make them more fun and interesting?

Anything else?...

Thank you for your participation! Team TG040
